Dear Mr. [Redacted]

According to the information which you supplied regarding your vintage Chrysler automobile, the vehicle is a 1938 Chrysler New York Special Model C-19\*.

I am sending you the enclosed information which Chrysler Corporation distributed to their dealers in late 1937 and early 1938 concerning the New York Special. As you can see, the letters dated December 27, 1937 and February 24, 1938 both refer to a New York Special Coupe. This model appears to have had an extremely limited production as we have no further reference to it anywhere in the Historical Collection. It seems that you have a very rare and special car.

If you desire more information on the 1938 New York Special, you may wish to contact the following source:

W. P. C. Club, Inc.

Thank you for your interest in Chrysler Corporation and its products.

Sincerely,
