Dear Sally:

Enclosed is a list of five V.I.P.s that I have chauffeured in your lovely car. I am sure Mr. Gainey could have made this list much longer.

I am delighted to hear that you are taking such excellent care of the 600. I noticed that in you the first time we met.

Sorry I had to turn down the dinner engagement. My wives' condition will keep us close to home for some time.

The very best to you and your husband.

Dear Mr. Hubit,

I was delighted to learn that Dan's Mercedes '600' was in such good hands. He was as you know one of my closest friends and advisors.

In view of your interest in China I thought you might like to see the enclosed memorandum I prepared for six members of the Senate and House with whom I spoke before my trip.

Sincerely,

Mr. Greg Hubit
